About Company

Leather Gateway is a Pakistan-based buying house and sourcing partner specializing in leather and leather products. We bridge the gap between international buyers and trusted manufacturers, ensuring quality, compliance, and transparency at every stage of the supply chain.

Our expertise lies in product development, supplier management, inspections, and shipment monitoring, making us the trusted choice for buyers worldwide. At Leather Gateway, we don't just source products—we build lasting business partnerships based on professionalism, reliability, and trust.

SUPPLIER SOURCING

Connecting buyers with reliable, certified manufacturers who meet international standards.

- Comprehensive evaluation of supplier capacity, quality systems, and compliance.
- Access to a wide network of skilled and specialized leather producers.
- Supplier audits and background checks to ensure credibility and sustainability.

A photograph of a person's hands using a white calculator. In the background, a laptop screen displays a bar chart, and there are papers and a pen on a desk. A large white circle with a dark green border is overlaid on the image, containing the text 'PRICE NEGOTIATION & SAMPLING'.

PRICE NEGOTIATION & SAMPLING

Ensuring competitive prices and accurate samples that reflect bulk production quality.

- Transparent price negotiations for maximum value without compromising quality.
- Development of samples strictly as per buyer's technical requirements.
- Matching approved samples to production standards before mass orders.

**PRODUCTION
MONITORING**

On-ground monitoring at all stages of production to ensure timelines and quality of the product.

- Continuous factory visits during all production stages.
- Proactive resolution of potential issues before they escalate.
- Regular progress reports and updates to keep buyers fully informed.

QUALITY AUDITS

We conduct Strict multi-stage quality control processes to meet global buyer expectations.

- CONDOC (Initial Checks): Inspection at the beginning of production.
- DUPRO (During Production): Monitoring mid-stage quality and consistency.
- Final Inspection: Ensuring goods meet buyer specifications before shipment.
- We also provide detailed inspection reports with images for buyer reference.

COMPLIANCE

At Leather Gateway, we understand that compliance is non-negotiable for international buyers. That's why we only work with certified suppliers who follow strict standards of social, environmental, and technical compliance.

We ensure that our partners comply with:

- International labor and workplace safety laws
- Sustainable and ethical sourcing practices
- Environmental regulations and eco-friendly production processes.

Our focus on compliance ensures that our buyers can trust the integrity, safety, and sustainability of every order placed through us.

rust.

PRIVACY

Confidentiality is at the heart of our business philosophy. We respect and protect the privacy of our clients and strictly maintain business confidentiality.

- No client's details, product information, or sourcing strategies are ever disclosed to third parties.
- All communications and agreements are handled with the highest level of professional discretion.
- We treat every client relationship with the same integrity as we would expect for ourselves.

By safeguarding privacy, we ensure our buyers can work with us in complete trust and confidence.
